

NEWCASTLE ROYAL GRAMMAR SCHOOL

CATHERINE MURPHY – CO-OPTED GOVERNOR

MRS CATHERINE MURPHY

I am a charity investment advisor working at Rathbone Greenbank Investments, the dedicated ethical and sustainable investment team of Rathbones, one of the UK's leading investment managers.

I previously worked at Henderson Global Investors, as an institutional fund manager. In addition I am a Non-Executive responsible for business development at a private family business, a wholesaler and retailer of jewellery.

My experience provides the governing body with insight on financial matters and I've also served as a Trustee of the Support Staff Pension Scheme as well as taking responsibility for SEN matters.

I'm currently based in Bristol, having lived in Newcastle for 10 years, but my work frequently takes me all around the country with regular visits back to Newcastle.

I studied Biological Science at Exeter University, and am married to a doctor. We have three children, who all attended RGS.
